# CHOOSE YOUR SYSTEM

## About Us

You love to grow. You are a gardener. An Urban farmer. An entrepreneur. A pioneer. So are we.

We are an innovative team of engineers, designers and sales people. We are farmers, gardeners and chefs. Located in the High Rockies, Hanging Hydroponics™ is proud to be an American manufacturer of hydroponic systems.

High Pressure  
Aeroponics (HPA)

Low Pressure  
Aeroponics  
(LPA)

Ebb & Flow

Cloners

## Econo Grow

Econo Grow is a sleek three tiered Ebb & Flow growing system, that has twelve (12) 2 inch net pots and 1 to 4 trays.

## Solar King™

12 Volt Solar System! Includes transformer and lights. Panels & Batteries sold separately

## Colorado King™

Designed for single high yielding plants. Where plant count is an issue. This is your system. Includes two (2) 700 watt LEDs.

## Lettuce King™

Designed for lettuce and herbs, or sea of green. "Lettuce" help you choose the right light for the right crop.

## Cloner King™

Can be configured for any number of clones. Hang three units and produce 500 clones in 4 square feet, or use a stand alone unit

## GARAGE GROW™

Designed for short spaces. A one level system for Big Plants. Choose from one (1) to twenty trays. Easily uses lights you already own. External Nutrient Tank keeps roots cool. Available in HPA or LPA.

# CHOOSE YOUR LIGHT

Hanging Hydroponics™ offers you a series of great interchangeable LED lights for any of our grow systems. Below are a series of LED lights that vary based on wattage. All lights have a grow and bloom cycle switch. Wattage can vary depending on what you are growing. For any questions regarding growing lights please contact one of our Hanging Hydroponic™ Representatives at 720-496-4080.
